

Windpanel Sectional Garage Door - Wind-Rated

Canonical:

<https://directory.bnd.com.au/garage-doors/garage-doors-openers/windpanel-sectional-garage-door-wind-rated/>

Description:

Australia's premium wind-rated garage door. Windpanel is a wind-rated sectional garage door that boasts maximum strength, durability and performance. Designed for use in all cyclone-affected regions throughout Australia, complies with National Construction Code requirements and tested to withstand Category 5-equivalent severe tropical cyclone. Features high-strength bracing system, soft pliable weather seal, heavy-duty galvanised steel hinges, reinforced track brackets, and stainless-steel lifting cables. Available in multiple designs, profiles, and colours with 10-year total confidence warranty when purchased with B&D; opener.
